

Metro to add service on Routes 16, 32, 43 and 51

Dear valued customer,

In response to the State of Ohio's gradual reopening plan, effective Friday, May 8, Metro is increasing service levels on four routes to better meet customers' needs as they begin to return to work.

Metro is implementing additional service adjustments to its Saturday schedule that was put into place for all routes following the State's "stay-home-order" on March 29. These adjustments include added trips and expanded service hours on four routes to improve service, increase crosstown connectivity, and address customer feedback.

Effective Friday, May 8, the following routes will have increased service:

- [Rt. 16 Mt. Healthy](#)
- [Rt. 32 Glenway Crossing-Price Hill via Matson](#)
- [Rt. 43 Evendale-Woodlawn](#)
- [Rt. 51 Hyde Park-Uptown-Glenway Crossing Crosstown](#)

The remaining Metro routes will continue to operate on the current Saturday schedule in place. We will continue to monitor service and ridership and make adjustments as necessary. Click [here](#) for a complete list of route schedules.

Visit Metro's website at www.go-metro.com for more details.

For the health and safety of all, we ask riders to observe the following:

- Ride Metro for essential trips only
- Pay fare using Transit App with EZFare for contactless payment
- Wear a mask, scarf or other facial covering if possible while riding
- Stand behind the plexiglass barrier at the farebox
- Spread out as much as possible onboard

Observe CDC safety guidelines including using hand sanitizer, washing hands regularly, and covering coughs and sneezes with a tissue.

For more information on COVID-19, please visit the [CDC website](#).

Thank you for your patience, and we regret any inconvenience these changes may cause.
